

PRESS RELEASE

No: 464/2018

Date: 9th August 2018

LIVE-STREAMING OF GIBRALTAR'S BEACHES

HM Government of Gibraltar has launched a new website which carries live camera feeds from all Gibraltar's main beaches. Users will now be able to see for themselves the condition of our local beaches and whether or not bathing is allowed

The on-line portal also contains up-to-date information on weather conditions, beach facilities and social media feeds and is the product of collaboration between the Department of the Environment, Piranha Designs and Securitek Ltd.

The portal can be accessed by logging into www.beaches.gi.
